

## **8100 PROCEDURE 404**

### **Aircraft Release - Intercom Information**

(April 2009)

[\(See 8100p320 – Resource Ordering - Aircraft\)](#)

#### **Any ECC**

1. Contact the Region OCC by region intercom and specify incident name, old order number, and action (“release”, “divert”, “information”). After acknowledgement:
  - a. Identify the request number.
  - b. Identify the action of resource.
  - c. Availability
  - d. Retardant Load status of air tankers
  - e. Fuel Status of air tankers
  - f. ETA of destination

\*Note: Aircraft is considered to be canceled if the request is canceled prior to the resource departing their base. Once aircraft has departed their base the resource is considered to be released requiring release information.
